

# CONTENTS OF *SCIENTIA HORTICULTURAE*, VOLUME 37

VOL. 37 NOS. 1/2

NOVEMBER 1988

## SMP: Solid matrix priming of seeds

- A.G. Taylor, D.E. Klein (Geneva, NY, U.S.A.) and T.H. Whitlow (Ithaca, NY, U.S.A.) ..... 1
- Genotypical differences in nitrate accumulation in shoots and roots of lettuce  
K. Reinink and A.H. Eenink (Wageningen, The Netherlands) ..... 13
- Effect of storage temperature on the initiation and development of garlic cloves (*Allium sativum* L.)  
M.A. Rahim and R. Fordham (Kent, Gt. Britain) ..... 25
- Tomato performance and incidence of tomato yellow leaf curl (TYLC) virus as affected by type of mulch  
M.A. Suwwan, M. Akkawi, A.M. Al-Musa and A. Mansour (Amman, Jordan) ..... 39
- Frequency and characteristics of nucellar and zygotic seedlings in 12 citrus rootstocks  
C. Xiang and M.L. Roose (Riverside, CA, U.S.A.) ..... 47
- Effect of soil cultivation and plant spacing on the growth and cropping of strawberry  
C.M. Crisp, M.G. Beech (Kent, Gt. Britain) and D. Atkinson (Aberdeen, Gt. Britain) ..... 61
- A mathematical model for predicting annual fertiliser requirements of kiwifruit vines  
J.G. Buwalda and G.S. Smith (Hamilton, New Zealand) ..... 71
- Nutrient dynamics of a kiwifruit ecosystem  
G.S. Smith, J.G. Buwalda and C.J. Clark (Hamilton, New Zealand) ..... 87
- Preparation of protoplasts from microspore tetrads of kiwifruit, *Actinidia deliciosa* (Actinidiaceae)  
L.G. Fraser and C.F. Harvey (Auckland, New Zealand) ..... 111
- Plantlet formation from cell suspensions of kiwifruit (*Actinidia chinensis* Planch. var. *chinensis*)  
K. Suezawa, N. Matsuta, M. Omura and S. Yamaki (Ibaraki, Japan) ..... 123
- Transpiration from banana leaves in the subtropics in response to diurnal and seasonal factors and high evaporative demand  
J.C. Robinson and J.P. Bower (Nelspruit, South Africa) ..... 129
- Growth and yield analysis of 'Robusta' banana in relation to soil water potential and nitrogen fertilization  
D.M. Hegde (Bangalore, India) ..... 145
- Clonal propagation, callus formation and plant regeneration of lavandin  
M. Panizza and F. Tognoni (Pisa, Italy) ..... 157
- Regulation of stem elongation of lilies by temperature and the effect of gibberellin  
N. Zieslin and M.J. Tsujita (Guelph, Ont., Canada) ..... 165

## Research Note

- Rooting leafy non-etiolated avocado cuttings from gibberellin-injected trees  
J.G.M. Cutting and S.P. van Vuuren (Nelspruit, South Africa) ..... 171

VOL. 37 NO. 3

DECEMBER 1988

## Introduction

- K.C. Sink (East Lansing, MI, U.S.A.) ..... 177

**Vegetable Crops**

- Recent advances in protoplast culture of horticultural crops: vegetable crops  
 S.A. Yarow (Mississauga, Ont., Canada) and T.L. Barsby (Cambridge, U.K.) .....179

**Fruit Crops**

- Protoplast culture of deciduous fruit trees  
 Y. Hidano and M. Nizeki (Hirosaki, Japan) .....201  
 Recent Advances in protoplast culture of horticultural crops: *Citrus*  
 A. Vardi (Bet Dagan, Israel) and E. Galun (Rehovot, Israel) .....217  
 Recent advances in protoplast culture of horticultural crops: small fruits  
 W.R. Krul (Kingston, RI, U.S.A.) .....231

**Flower Crops**

- Recent advances in the protoplast biology of flower crops  
 R.J. Griesbach (Beltsville, MD, U.S.A.) .....247

**Ornamental Crops**

- Recent advances in protoplast culture of horticultural crops: conifers  
 E.G. Kirby (Newark, NJ, U.S.A.) .....267

**Perennials**

- Protoplast culture of perennials  
 A.D. Krikorian, S.S. Cronauer-Mitra and M.S. Fitter Corbin (Stony Brook, NY, U.S.A.) .....277

**VOL. 37 NO. 4****JANUARY 1989**

- The interaction of prechilling and ACC and the stimulation of rooting of mung bean cuttings and intact hypocotyls  
 M. Jusaitis (Adelaide, S.A., Australia) .....295  
 Controlled atmosphere storage of kiwifruit. Effect on fruit quality and composition  
 J.E. Harman and B. McDonald (Auckland, New Zealand) .....303  
 Use of the interaction between rootstock and old-line cultivars for dwarfing lemon trees  
 Y. Levy (Negev, Israel) .....317  
 Acceleration of abscission of citrus leaf explants by calmodulin antagonists  
 S. Iwahori (Kagoshima, Japan) .....325  
 Effects of mycorrhizal fungi on seed germination and early growth of three Japanese terrestrial orchids  
 G. Masuhara and K. Kasuya (Tsukuba, Japan) .....331  
 Responses of rose plants cultivar 'Sonia' and *Rosa indica major* to changes in pH and aeration of the root environment in hydroponic culture  
 N. Zieslin and P. Snir (Rehovot, Israel) .....339  
 Effects of 6-benzylaminopurine on the organogenesis of *Asplenium nidus* L. through in vitro propagation  
 H. Higuchi and W. Amaki (Tokyo, Japan) .....351  
**Calendar of Events** .....361  
**Author Index** .....369
